**Polyethylene (PE) Pipe and Fittings
for Soil and Foundation Drainage**

STANDARD

BNQ 3624-115/2016
(R 2026)

Polyethylene (PE) Pipe and Fittings
for Soil and Foundation Drainage

Tuyaux et raccords en polyéthylène (PE) pour le drainage des sols et des fondations

Bureau de normalisation du Québec

The Bureau de normalisation du Québec (BNQ) is a standardization organization based in Quebec and created in 1961. It is one of the standards development organizations accredited by the Standards Council of Canada (SCC) and as such, is part of the National Standards System.

As an administrative unit of Investissement Québec (IQ), the BNQ produces standards that meet the needs of the industry, of public and para-public organizations, and of concerned groups.

FIFTH EDITION — 2026-04-22

This edition reaffirms (reapproves) the edition dated April 11, 2016, which now includes Modification No. 1 dated March 5, 2026. Consequently, this edition is equivalent to the previous edition.

This document is published in both French and English. In case of incompatibility, the French version prevails.

The decision resulting from the systematic review that will enable to determine whether the current document shall be modified, revised, reaffirmed or withdrawn will be implemented no later than at the end of April 2036.

ICS: 23.040.20; 23.040.45; 65.060.35; 93.020.

REQUEST FOR INFORMATION AND PURCHASE

Any request for information or purchase of this document may be sent to the Bureau de normalisation du Québec (BNQ) by email at: bnqinfo@bnq.qc.ca or on the BNQ's website [<https://www.bnq.qc.ca>].

REVISION OF BNQ DOCUMENTS

Collaboration from BNQ document users is essential in keeping our documents up to date. Therefore, any suggestion aimed at improving their contents will be appreciated. We ask you to send us your suggestions or comments on the form at the end of this document.

The electronic or printed version of this document is for personal use only. Distribution to third parties, partners or clients, as well as saving, distribution or use on a computer network is forbidden without written agreement from the BNQ.

A notification by email mentioning the publication of a new edition of a revised document, amendments or errata will be sent to the email address used for the online purchase.

Notifications and the catalogue may be consulted at all times on the BNQ's website [<https://www.bnq.qc.ca>] to verify if a more recent version of a document exists or if amendments or errata have been published.

This document is the result of thousands of hours of work provided on a voluntary basis by many community experts. We thank you for taking this into account, and for your contribution through your purchase of this document for its evolution in the years to come.

NOTICE

UNDERSTANDING OF THE NOTION OF EDITION

It is important to note that this edition implicitly includes all amendments and errata that might be published separately at a later date. It is the responsibility of the users of this document to verify whether any amendments or errata exist.

INTERPRETATION

The verb **shall** is used to express a requirement (mandatory) in order to conform to this document.

The verb **should**, or the equivalent expressions **is recommended that** and **ought to**, is used to express a recommendation or that which is advised, but not required. The verb **may** is used to express an option or that which is permissible within the limits of the standard.

Except for notes presented as **normative notes**, which set out mandatory requirements and which appear in the lower portion of figures and tables only, all other **notes** are **informative** (non-mandatory) and provide useful information intended to facilitate understanding or clarify the intent of a requirement or to add clarification or further details.

Normative annexes provide additional requirements (mandatory) in order to conform to this document. **Informative annexes** provide additional (non-mandatory) information intended to assist in the understanding or use of elements of this document or to clarify its implementation. They contain no mandatory requirements for the purpose of compliance with this document.

DISCLAIMER OF RESPONSIBILITY

This document was developed as a reference document for voluntary use. The BNQ assumes no responsibility or liability for any damages arising from the use of this document, its interpretation, or the implementation of its requirements. It is the user's responsibility to ensure and verify whether legislation or regulations make compulsory the use of this document or whether its use is required by trade regulations or market conditions, including, but not limited to, technical regulations, inspection plans originating from regulatory authorities, certification programs. It is also the responsibility of the user to consider limitations and restrictions specified in this document and to judge the suitability of this document for the user's purposes.

MARKING AND LABELLING REQUIREMENTS

This document may contain requirements for marking and/or labelling. In this event, in addition to meeting such requirements, it is also the responsibility of the suppliers of products to comply with the applicable national, provincial or territorial laws and regulations of the jurisdictions in which the products are distributed.

FOREWORD

This standard was developed in compliance with the Standards Council of Canada (SCC)'s Requirements and Guidance for standards development organizations. Its reaffirmation was approved by a Standards Development Committee, whose members were:

Suppliers

Decoste, Simon	Advanced Drainage Systems (ADS Canada)
Gervais, David	Armtec
Papineau, Alex	Maxi-Drain
St-Louis, Mathieu	Soleno

Users

BÉLANGER, Hélène	Ville de Québec
Duval, Maxime	Association des entrepreneurs en drainage agricole du Québec (AEDAQ)
Loranger, Marc-Antoine	Ministère des Transports et de la Mobilité durable (MTMD)
Robidas, Maryse	Corporation des officiers municipaux en bâtiment et en environnement du Québec (COMBEQ)

General Interest

BEAUMIER, David	Ekometric
COUILLARD, Claude	Centre d'expertise et de recherche en infrastructures urbaines (CERIU)

Laroche, Nathalie

Ministère de l'Agriculture, des Pêcheries et de
l'Alimentation du Québec

LECLAIR, Éric

Coalia

Bureau de normalisation du Québec (BNQ) Coordination Team

FAYE, Moustapha

TREMBLAY, Carole

The 2016 edition of this standard was prepared by a Standards Development Committee, whose members were:

ALLEN, James	Fédération régionale de Chaudière-Appalaches de l'UPA
BEAUMIER, David	Groupe CTT (Sageos)
BERNARD, France	Association des ingénieurs municipaux du Québec (AIMQ)
DECOSTE, Simon	ADS Canada Inc.
DE FOY, Caroline	Ministère de l'Agriculture, des Pêcheries et de l'Alimentation du Québec (MAPAQ) — Direction de l'environnement et du développement durable
DIEZ, Carl	Soleno
LASALLE, Marco	Association des professionnels de la construction et de l'habitation du Québec (APCHQ)
LECLAIR, Éric	Centre de technologie minérale et de plasturgie
MASSON, Jacques	Association des entrepreneurs en drainage agricole du Québec (AEDAQ)
POIRIER, Stéphane	Armtec
RONDEAU, Janie	Corporation des officiers municipaux et en environnement du Québec (COMBEQ)
GAGNÉ, Nicole (standards developer)	Bureau de normalisation du Québec (BNQ)

The participation of Victor Savoie from the Ministère de l'Agriculture, des Pêcheries et de l'Alimentation du Québec (MAPAQ), Carlos Samaniego from ADS Canada inc., and Stéphane Hurens from Association des professionnels de la construction et de l'habitation du Québec (APCHQ) is also worthy of mention.
