#### REQUEST FOR INFORMATION AND PURCHASE

Any request for information or purchase of this document may be sent to the Bureau de normalisation du Québec (BNQ) at 333, rue Franquet, Québec, Québec G1P 4C7

[telephone: 418-652-2238, ext. 2437 or 1-800-386-5114; fax: 418-652-2292;

E-mail: bnqinfo@bnq.qc.ca; Web Site: www.bnq.qc.ca].

#### **REVISION OF BNQ DOCUMENTS**

Collaboration from BNQ document users is essential in keeping our documents up to date. Therefore, any suggestion aimed at improving their contents will be appreciated. We ask you to send us your suggestions or comments on the form at the end of this document.

#### FIRST ENGLISH EDITION — 2016-07-21

This document is published in both French and English. In case of incompatibility, the French version prevails.

This English translation is based on the second edition of the original French document.

The electronic or printed version of this document is for personal use only. Distribution to third parties, partners or clients, as well as saving, distribution or use on a computer network is forbidden without written agreement from the BNQ.

Only purchasers duly registered with BNQ Customer Service will receive document updates. Notifications and the catalogue may be consulted at all times on the BNQ Web site [www.bnq.qc.ca] to verify if a more recent version of a document exists or if amendments or errata have been published.

If a registered purchaser wishes to continue to receive updates, the purchaser must inform BNQ Customer Service of any change of address as soon as possible.

# POLY(VINYL CHLORIDE) [PVC] PIPE AND FITTINGS FOR DRINKING WATER, SEWAGE AND DRAINAGE LINES — CERTIFICATION PROTOCOL

#### 1 PURPOSE OF THE DOCUMENT

This document is intended to establish the certification requirements, rules of procedure and marking requirements applying to the certification of poly(vinyl chloride) [PVC] drinking water, sewer and drainage lines in accordance with the requirements of the standards BNQ 3624-050, BNQ 3624-130, BNQ 3624-135 and BNQ 3624-250.

This document is intended for manufacturers seeking to have the conformity of their products recognized by the Bureau de normalisation du Québec (BNQ).

#### 2 PROGRAM SCOPE

This document was developed to serve as a reference document for conformity assessment activities of specific products.

NOTE — Conformity assessment is defined as the systematic examination of the extent to which a product fulfils specified requirements.

#### 3 NORMATIVE REFERENCES

In this document, a dated normative reference means that this specific edition shall be used, while a non-dated normative reference means that the last edition of the reference shall be used.

For the purpose of this document, the following reference documents (including any amendments, errata, corrigenda, etc.) contain necessary requirements and are referred to in appropriate places in the text:
