

NOTICE OF MODIFICATION TO THE REQUIREMENTS OF THE CERTIFICATION PROGRAM

NQ 3680-910 WASTEWATER TREATMENT — STAND-ALONE WASTE-WATER TREATMENT SYSTEMS FOR ISOLATED DWELLINGS

Date

2025-11-13

Updating of the certification program NQ 3680-910/2000 in reference to the certification protocol NQ 3680-915/2000 M1 Wastewater Treatment — Stand-Alone Wastewater Treatment Systems for Isolated Dwellings —Certification Protocol

The aim of this notice is to inform you of:

- the updating of the certification program NQ 3680-910/2000 now offered in reference to certification protocol NQ 3680-915/2000 M1 Wastewater Treatment — Stand-Alone Wastewater Treatment Systems for Isolated Dwellings —Certification Protocol

The certification program in reference to the 2000 edition of the standard NQ 3680-910 is now subject to the requirements of the certification protocol NQ 3680-915/2000 M1. This document details on reactivating a model covered by the certificate of conformity. It also specifies the BNQ's specific conditions for intervention and the specific requirements that manufacturers must meet under the certification program.

As the changes made to this document do not affect existing certificates, there will be no transition period required for certified manufacturers.
