

NOTICE OF AMENDMENT TO A CERTIFICATION PROGRAM

CSA B137.3.1 Molecularly Oriented Polyvinylchloride (PVCO) Pipe for Pressure Application

Updating of the Certification Program CSA B137.3.1-17 dated **2025-11-26**

The aim of this notice is to inform you of:

- The updating of the Certification Program CSA B137.3.1-17 now offered in reference to the standard CSA B137.3.1-23 (2023-03-01).

The certification program in reference to the 2017 edition of the standard CSA B137.3.1 is now subject to the 2023 edition of the standard CSA B137.3.1. This document is a revision of the document published in 2017 and whose changes have no impact on the certification requirements. Therefore, there is no change to the certification program requirements.

The updating of the manufacturer's certificate of conformity will allow its continuation. The expiry date of the modified certificate of conformity will be identical to the expiry date of the certificate of conformity hold by the manufacturer in relation to the 2017 edition of the standard.

Manufacturers already holding a certificate of conformity or having an active file at the BNQ do not have to file a new application.
